1st July, 2026

Dear Akash,

I am pleased to engage you as an “**Intern: AI Research & Social Innovation**” in our new initiative <https://purpositiveai.com> at our "Center for Career and Life-Design Counselling", with effect from 1st July, 2026 for a period of one month, which may be extended further based on mutual agreement.

The initiative **Purpositive AI** is a human-centered AI capability development and social innovation initiative. Its flagship mission, AI for ALL, helps people and institutions use AI meaningfully — beginning not with tools, but with human context, livelihood, learning needs and local realities. We focus on personalized AI learning and guidance to help rural SHGs and micro- entrepreneurs use AI meaningfully in their life and livelihood.

What you will do for the target rural community:

- * Identify practical use-cases for different user groups
- * Explore AI tools and emerging AI applications
- * Assist in designing simple learning resources
- * Assist in communication, presentations, and outreach

On successful completion of the program, you will receive

- (i) A stipend of [REDACTED],
- (ii) A Certificate of Completion, and
- (iii) A Letter of Recommendation / LinkedIn Recommendation

During this period, this engagement may be terminated without assigning any reason by seven days' notice on either side.

Please confirm your acceptance through e-mail. If you have any further question, please do not hesitate to contact me.

Best regards

Somprakash Bandyopadhyay

Director
